

SHOP EMPLOYEES REJECT WAGE REDUCTION BRITISH COAL STRIKE HAS BEEN SETTLED

RAILROAD STRIKE LOOMS AS RESULT OF SHOP VOTE

WHICH SHOWED 48,000 FOR ACCEPTANCE AND 325,000 AGAINST

ATTITUDE BIG FOUR BROTHERHOOD WILL NOT BE KNOWN UNTIL FRIDAY

(By United Press)

Chicago, June 28.—A strike of railroad workers loomed today when it became known that shop employees of the country had overwhelmingly voted to reject the twelve per cent wage cut ordered by the United States railroad labor board July 1.

The result of the referendum taken among shopmen and forwarded here to the national headquarters of the railroad department of the American Federation of Labor today showed:

For the decrease 48,000. Against the decrease 325,000.

The decided opposition of the shop employees came as a big surprise to labor leaders who believed the cut would be accepted by a small margin.

There are six hundred thousand men who belong to the railroad department of the American Federation of Labor. These men work on every carrier in the country.

The attitude of the big four brotherhoods toward the wage slash will not be known until brotherhood chiefs meet here Friday. At that time the chiefs will vote to accept or reject the cut.

If the cut is rejected then the proposal goes to the vote of the membership.

The present railroad crisis was precipitated when the railroad board after hearing for several months ruled to cut the wages approximately twelve per cent which is an aggregate saving to the roads of \$400,000,000 a year. The last big increase the men received amounted to \$600,000,000 a year.

House Passes Bill Prohibiting Beer For Medicine

(By United Press)

Washington, June 28.—By a vote of 250 to 93, the house tonight passed the Willis-Campbell bill to prevent the sale of beer to the sick and sent it to the senate with the expectation of its final enactment before the end of the week.

The vote, which was 21 more than the necessary two-thirds, was taken after four hours of stormy debate, interrupted frequently with shouts to stop the talk and pass the bill.

A Texas Suggestion.

Another good way to please a young mother is to say the baby has her eyes and its father's mouth.—Galveston News.

GILBERT H. GROSVENOR

Gilbert H. Grosvenor is editor in chief of the Northern Telegraphic Magazine. He was born in Constantinople in 1875. He has been a director of the National Geographic society since 1899, and is now its president.

COL. E. H. SHAUGHNESSY

Col. Edward H. Shaughnessy of Chicago is the new second assistant postmaster general. He will have charge of the railway mail service. Colonel Shaughnessy is 38 years old and a transportation expert, having been employed for many years by the Chicago and North Western railway. During the World war he was attached to the transportation corps of the A. E. F.

HOPE TO CUT GOVT. EXPENSES THIS YEAR OVER 25 PER CENT

BY BUDGET SYSTEM—FOUR BILLIONS HAVE BEEN APPROPRIATED BY CONGRESS

(By United Press)

Washington, June 28.—A cut in government expenditures during the year beginning July 1 is the hope of the Harding administration.

Congress has appropriated about four billion dollars for the year beginning July 1. By putting the new federal budget system into operation beginning immediately instead of waiting a year as originally planned, President Harding and Charles G. Dawes, budget director, hope to make a twenty five per cent saving. The plan will be explained tomorrow in a group of cabinet officers, bureau heads, and chief clerks where Harding will preside. It is the first meeting of its kind ever held.

Britain Asks Delay In Renewing Jap Alliance

(By United Press)

London, June 28.—Great Britain has asked Japan for three months delay in renewing their alliance, the United Press was reliably informed today.

The reason advanced in a not asking the postponement was that the conference of British premiers has just begun to consider the question. No mention was made of the American attitude toward the alliance.

Passage of Sheppard-Towner Bill Predicted

(By United Press)

Washington, June 28.—Prompt passage of the Sheppard-Towner maternity bill was predicted by its advocates when the measure came up today for conference.

The measure appropriates \$10,000 for each state to be used in the instruction in the hygiene of maternity, infants and childhood. Scores of women organizers have endorsed the bill which will be administered by the children's bureau of the labor department.

Former Attorney General Dies
Baltimore, Md., June 28.—Thomas J. Bonaparte, secretary of the navy under Theodore Roosevelt and at one time attorney general of the United States, died today at his home in Green Valley. He was seventy years old.

British Are Awaiting Irish President's Assent To Peace Conference

(By United Press)

London, June 28.—Premier Lloyd George today awaited "President" DeValera's "assent" to a conference on Irish peace.

The British cabinet will meet tomorrow and it is expected that it will then receive Ulster's acceptance of the premier's peace bid.

British officialdom is preparing to see some of the most conspicuous Sinn Feiners at the conference. All it that DeValera will insist on having with him the Sinn Fein leaders who have been most obnoxious to the British. There was believed to be a possibility that DeValera will demand permission to call a session of the Dail Eireann to consider Lloyd George's invitation. This permission would mean at least a temporary release of a score of British prisoners.

G. O. P. CONFREES AGREE ON PEACE TREATY RESOLUTION

EXPECT TO SUBMIT TO DEMOCRATS WEDNESDAY, THEN ADOPT IT

DECLARES WAR ENDED AND RESERVES TO U. S. ALL RIGHTS IN VERSAILLES TREATY

(By United Press)

Washington, June 28.—Republican conferees on the peace resolution today reached complete agreement on the form of the measure to be presented to the two houses.

They expect to call in democrat conferees late today for a formal vote on the conference.

Republican members of the conference committees of the house and senate had a final "family talk" about the differences between the house and senate resolutions.

Democratic conferees will be called in Wednesday and allowed to voice any objection they may have and then will be voted down according to present plans.

It was expected that if finally agreed on this peace resolution will consist of:

1.—A declaration declaring a state of war with Germany on April 6, 1917 and with Austria Hungary December 7, 1917 is ended.
2.—That all German and Austrian property whether government property or private seized by the United States shall be held until the treaty of peace shall be made with the respective governments in which suitable provision is made for satisfactory American claims against Germany, Austria and their nations.
3.—That all the rights of the United States would have had, had the senate ratified the Versailles and other treaties, are reserved, and that the resolution to enforce claims for indemnity damage and reparations is specifically reserved.

WM. GUMMER ON TRIAL FOR MURDER OF MARIE WICKS

Fargo, N. D., June 28.—Eight witnesses were called today in the trial of Wm. Gummer for the murder of Miss Marie Wicks and the prosecution was trying to eliminate all of the guests in the hotel at the time of the murder by checking up those who were seen with Miss Wicks.

A telegram was received by the judge from a man in Minneapolis asking him to hold up the trial until this party could reach there. No action was taken on the telegram. The judge declined to give out the name of the man who sent it.

Made His Eyes Bulge.
Bulldog (looking into the tiger's cage)—Great whiskers! How in the world could I ever chase a cat like that up a tree?

ATTEMPT IS MADE TO STOP DEMPSEY- CARPENTIER FIGHT

REFORM BUREAU CHIEF WITH CLERGYMAN APPLY TO COURT FOR INJUNCTION

SAYS IT IS A PRIZE FIGHT—WILL BRING UNDESIRABLES TO CITY

(By United Press)

Jersey City, N. J., June 28.—An attempt to stop the championship fight here Saturday was made in chancery court here today.

Robert Watson, president of the international reform bureau accompanied by a counsel and five local clergymen, asked Vice Chancellor Stevenson to issue an order directing Tex Rickard and other promoters of the fight to show cause why an injunction should not be issued against it.

H. C. Gilson, representing the reform bureau, demanded that those promoting the fight were issuing the counterfeit tickets which have appeared in eastern cities.

It was announced that the motion to have the fight stopped would be urged on four grounds. These allegations were: That the bout is to be a prize fight, not an exhibition; that the promoters are engaged in a gigantic swindling scheme through the issuance of the counterfeit tickets; that the fight will attract undesirable to Jersey City and that it will be demoralizing to youths.

Jersey City, June 28.—Vice Chancellor Stevenson today declined to act on a petition for an injunction to prevent holding the Dempsey-Carpentier fight here next Saturday.

Stevenson gave representatives of the international reform bureau permission to go before another judge with the petition.

LATE BULLETINS

Died By Accident

Indianapolis, June 28.—Colonel Frederick W. Galbraith, national commander of the American Legion, died by accident according to the coroner's report made public today. The commander was killed when an automobile in which he and Henry Ryan and Colonel N. J. Foreman, other American Legion officers, were riding went over a fifteen foot embankment.

STOP TRUANCY

Milwaukee, Wis., June 28.—Children "playing hooky" frequently become criminals according to Mrs. Elizabeth Ferrell of the educational department of New York City.

Stopping truancy will be the first great step toward criminal prevention, she declared. There were forty seven thousand children truants in New York last year, she told the national conference of social workers in session here.

St. Paul, June 28.—Mrs. Margaret Craighead today took the witness stand to tell how her husband was estranged from her.

She blamed J. E. Stonebreaker, Wm. E. Stonebreaker and Catherine Stonebreaker and asked the court for \$100,000 bail.

While the jury was being picked yesterday her counsel claimed she was ill and unable to appear in court. A physician was appointed to examine her and he said she was able to appear.

J. E. Stonebreaker refused to answer questions when called to the stand because he and his wife are co-defendants.

Columbus, Kan., June 28.—Testimony in the trial of Alexander H. Matt and August Dorchy, united mine workers officials, on charges of violating a felony clause of the Kansas industrial court law will begin today.

Transcontinental Aviators Forced to Land in Texas By Engine Trouble

(By United Press)

Fort Bliss, Texas, June 28.—David R. Davis and Eric Springer, aviators who were forced to land late yesterday on their transcontinental flight from Riverside, California, to Mineola, Long Island, resumed their journey at 5 a. m., today.

The big machine took off and headed toward Dallas today where it is said the aviators might stop if further engine trouble developed.

Springer said just before leaving this morning that they would attempt to make New York without stopping and hoped to do it in twenty two hours.

Distributor trouble forced the landing yesterday.

MOVIE THEATRE OWNERS PLAN TO FIGHT FILM TRUST

WILL RAISE FROM TWO TO FIVE MILLION DOLLARS TO FINANCE FIGHT

(By United Press)

Minneapolis, June 28.—A formal declaration of war on the various players in the Lasky corporation, largest film producers in the world, was expected from exhibitors here late today.

A tentative decision was reached among independent producers and exhibitors at the convention of the moving picture theatre owners, of America to raise \$2,000,000 to \$5,000,000 to finance a fight on the corporation. Final action on the proposal was to come late today.

Some of the delegates condemned the various players Lasky combine as a monopoly. Adolph Zukors, president of the council, issued a statement denouncing the policy of his company and asserted that the policy will be continued. He said he did favor the outcome of any battle with independent producers and exhibitors.

Zukors declared his company had only built or leased show houses in cities where his pictures had been boycotted by other exhibitors.

Brinton Perjury Trial

Bismarck, N. D., June 28.—Francis B. Wood, president of the league exchange financing corporation, of the nonpartisan league, took the witness stand today in the trial of J. W. Brinton charged with perjury.

Wood pleaded he did not remember when questioned regarding the finances of the league. He admitted that he did recall conferences at which proposals were made for the purchase of the Scandinavian American Bank at Fargo. A. C. Townley, president of the nonpartisan league, and Wm. Lemppke, vice president, were present at the conferences, he said.

With Wood they make up the executive committee of the league. Nels J. Brevig, assistant receiver of the Scandinavian American bank, was on the stand again today. Brevig testified as to the accuracy of the statements made by Brinton when he appeared before the legislative committee investigating the state finances. Brevig had charged that state money was improperly used to finance nonpartisan league projects.

Brevig testified as to the amount on deposit in the Fargo bank and said that \$430,000 on deposit there was credited to the state bank, but allowed to remain in the Fargo bank as a re-deposit. Some of this money, he said, was used by the league.

J. J. Weeks, assistant attorney general conducting the prosecution today, tried to show that this money was legitimately used.

Spots on Varnish.

To take white spots from varnished furniture, hold a hot lid or plate over them, and it is said that they will soon disappear.

COUNTESS DROGHEDA

A decree granting the restoration of conjugal rights—the first step in British law toward an absolute divorce—has been granted Kathleen, Countess Drogheda, who is popularly known as "the flying countess," because of her interest in aviation.

BIG FIGHT WILL BE UNDER HOT SUN IS PREDICTION

ALL WEATHER SIGNS POINT TO A CLEAR HOT DAY IN JERSEY CITY JULY 2

(By United Press)

Washington, June 28.—The Dempsey-Carpentier fight will be held under a hot sun unless all weather signs fail, the weather bureau said today. Present indications point to a clear hot day for Jersey City on July 2, the date of the scrap.

Thunder showers may wander over the arena as showers are probable in widely scattered parts of the middle Atlantic states.

Subpoena Issued For James A. Stillman

Yonkers, N. Y., June 28.—A subpoena has been issued for James A. Stillman by Referee Gleason it was learned today.

The subpoena sought by Mrs. Stillman's attorney, is returnable in Poughkeepsie at 10:30 a. m. tomorrow, when the secret hearings will be resumed.

Chas. J. Wallace, chief investigator for John F. Brennan, present counsel for Mrs. Stillman, aided by two other detectives, spent most of last night searching for James Stillman to serve the subpoena. They continued the search today.

ATTACKS WOMEN JURORS

Cleveland, June 28.—Mrs. Eva Katherine Kaber opened the fight for her life today by centering her attack on women jurors.

Through her attorney, Francis Paulson, Mrs. Kaber asked that the indictment against her be quashed because the grand jury that returned it contained women as members.

This was the first move in an effort to prevent women having part in deciding her fate in the murder trial charging her with the killing of her husband, Daniel Kaber, wealthy Lakewood, Ohio publisher two years ago.

Paulson's next move was a motion in which he said the state constitution of Ohio prevented the use of women as jurors.

Trial Judge Vernon, overruled Paulson on the ground that the passage of the nineteenth amendment gave women equal right with male electors regardless of whether any state constitution did not make mention of the fact specifically.

MINERS ACCEPT GOVERNMENT TERMS OFFERED

OFFICIAL ANNOUNCEMENT OF STRIKE SETTLEMENT WAS MADE TODAY

MINERS HAVE BEEN IDLE THREE MONTHS—WILL RESUME WORK AT ONCE

(By United Press)

London, June 28.—The British coal strike has been settled it was officially announced today.

The miners accepted the government's terms. Work in the coal pits, idle almost three months, will be resumed immediately.

Republican House Leaders Favor Borah Disarmament Resolution

(United Press)

Washington, June 28.—House republican leaders have decided to support the Borah amendment plan it developed today. This virtually insured prompt enactment of the proposal which calls for a disarmament conference between the United States, Great Britain and Japan. Representative Patrick Kelly, of Michigan, in charge of the naval appropriation bill to which the Borah plan is an amendment, said today he would ask the house to accept the proposal which has already been approved by the senate. He has the backing of a majority of the republican leaders and democrats in the house.

Short Line Railroads In Minnesota Must Reduce Passenger Rates

St. Paul, June 28.—Rates of thirteen short line railroads in Minnesota were reduced by the interstate commerce commission today.

The commission conceded that the state has jurisdiction over short lines earning less than \$1,200 annually per mile. The roads must reduce their rates from 3.6 to 3 cents, the rate fixed by the railroad and warehouse commission.

And No More.

"Well, anyway, you can't say that she isn't economical. She has used the same candles on her birthday cake for six years."

When He Quit.

"I haven't tried to sing," remarked the man on the car, "since the children were helpless babies."—Toledo Blade.

ERNEST I. LEWIS

Ernest I. Lewis of Indianapolis, one of the two new members of the interstate commerce commission, has been chairman of the Indiana state public service commission for four years. He formerly was a newspaper man.

THE WEATHER

Forecast for the week—Temperature above normal. Partly cloudy and scattered thunder showers.

Forecast for next 24 hours: Minnesota—Unsettled but mostly fair tonight and Wednesday, continued warm.

Cooperative observers record, June 27—Maximum 88, minimum 54. Reading in evening 70. West wind. Cloudy. June 28—Minimum during the night, 59.

Both may establish summer cottages near Brainerd.

Agency Manager C. W. Anderson, Brainerd Office Supply Co., of the Wales Adding Machine Company has just received word from his home office that the largest immediate delivery order for adding machines ever placed has just been given to the Wales Company by the F. W. Woolworth Company. The order calls for 500 or more machines to be delivered to Woolworth stores in different parts of the United States and Canada.

HACKENSACK

Hackensack, Minn., June 25—A special election will be held in Hackensack on June 28 to vote on the proposition of issuing \$7,000 in bonds to the state of Minnesota. Of this amount \$5,000 should be used in taking up the outstanding indebtedness and \$2,000 for building and maintaining streets.

BRAINERD'S ODDEST STORIES TODAY

This is a fishing story. Carl Peterson was at Cross Lake with two brothers-in-law, William Anderson of Winnipeg, Canada, and Emil Anderson of Brainerd. They caught three pickerel and tied the fish in the water to a stake. Some time later the two Andersons spied a huge pickerel flopping in the grass. They crept up and stoned it to death. As they grabbed it to death. As they grabbed their catch they were surprised to see it was the same pickerel they had caught before and which had flopped its way to shore.

No Timbering in This Mine. The world's northernmost coal mine is in Spitzbergen, well within the Arctic circle. It lies under a depth of a thousand feet of solidly frozen earth. The temperature in the rooms is 7 degrees Fahrenheit, 25 degrees below freezing, the year round, and, naturally, there is no pumping. The frozen roof holds and there is no timbering. The mine employs two hundred to three hundred men, and there is said to be a constant waiting list of one thousand. The heating value of the coal is 14,373 B. T. U., and 89,000 tons are produced in 1919. The mine is operated by American methods and with American machinery, having been purchased in 1904 by a Mr. Longyear of Boston, and later sold at a handsome profit to a Norwegian firm.—From the Compressed Air Magazine (N. Y.).

First Nunnery Founded in France. The first nunnery in Europe was established in France. St. Marcellina, sister of St. Martin, is credited with having created the first of these institutions in 360 A. D. Some historians claim that Germany was next in line, but according to the best authorities it was England that sanctioned the establishment of Europe's second nunnery. This edifice was erected at Folkestone by Edwald, king of Kent, in 630.

THE ONLY TWIN CITY SPORT writer who will personally cover the Dempsey-Carpentier bout next Saturday is George A. Barton, sporting editor of The Minneapolis Daily News. You'll get a real report of the big fight encounter in that paper. Read the preliminary articles.

JULY FOURTH CELEBRATION NOTES

The Child Welfare department float started the movement for floats in the Fourth of July parade. Volunteers will assist Miss Michal in trimming the float.

The Chamber of Commerce will have a float. It was left to the publicity committee to decide and they thought it more desirable publicity. The first thing the chairman is after is the loan of a big truck.

The Woodhead Motor Company will have an exhibit of late model Fords beautifully decorated in the parade.

The Imgrund Auto Company will have late model Buicks in the parade, all beautifully decorated.

The house and social committee of the Elks met at the New Park theatre at the call of the chairman, Clyde E. Parker, taking up celebration details. Herbert S. Maddy, representative of the Rhoda Royal circus, conferred with them in regard to the advance ticket sale and other matters.

Responses from the country about Brainerd indicate the whole county is coming to Brainerd on the Fourth. Every indication points to the biggest celebration every held in years.

The Elks will give away a cow during the performance of the Rhoda Royal circus. This bovine, a Crow Wing county product was purchased for the Elks today by J. A. Van Epps, well known Brainerd stock dealer and is now enjoying life in Mr. Van Epps' barn. She has been named "Queen of the Circus". The presentation of the cow will be made by the awards committee of the celebration consisting of Mayor Little, P. T. Brown, Edward Boppel, R. M. Wilcox and Ralph Sheets.

Colonel Franz R. N. Anderson, grand marshal of the parade, will return from Duluth tonight and immediately take up the work of organizing the big patriotic, civic and circus parade. Among his aids named are J. E. Van Epps, C. S. Reimold and John Van Epps.

Brainerd merchants and business men in general are busily engaged in getting floats ready for the parade. Numerous new and novel conceptions will be presented.

Members of the Brainerd Municipal band are polishing up their instruments and uniforms for the big parade. They will be given the post of honor.

In a letter to the Elks Mr. Royal owner of the Rhoda Royal circus says: "The circus folks are taking a keen interest in the coming Fourth of July celebration at Brainerd. Several of the women performers have just completed new costumes which they will wear for the first time in the parade and during the performances."

Lyons & Baker will have a decorated truck in the parade.

The Imperial Baking Co. will be represented in the parade.

The E. C. Bane Auto Company will have late models of all cars handed in the 4th of July parade.

The Grandmeyer hat shop expects to be represented in the parade.

One of the first display windows flashing a Fourth of July welcome is that of the Northern Home Furnishing Company. There is a luxuriant display of American flags, nicely arranged.

W. E. Lively will have a display of Maxwells in the parade.

Julius Deering will have a display of barn ventilators and other products made for the farmers massed on a large truck.

The firm of Turcotte Brothers will enter its entire fleet of five trucks.

two touring cars and two teams in the parade. All will be nicely decorated by the drivers of the firm. This firm expects to have the largest entry in the parade, excelling all other business houses.

The Chamber of Commerce will enter a float and Carl Wright, O. J. Bouma and publicity committee members are working up a design.

Stores, banks, etc., will be lavishly decorated for the Fourth.

The Hitch Realty Company will enter a decorated float.

The first refreshment stand for Fourth of July business was set up today by three little girls, Lois and Virginia Cook and Helen Marie Stadlbauer at the home of the latter, 410 South Sixth street. Bunting has been lavishly used. The scale of prices was 5c for a glass of lemonade, three glasses for a dime. Helen Marie's father is leader of the Elks drum corps.

Laziness Gets Him Nowhere. "Dar' ain' no such thing as a life of idleness," said Uncle Eben. "De lazzer a man is, de more he has to keep on de jump lookin' for excuses."

Do It Now.

Prosperity does not come from waiting for the other fellow to work hard and save.—Wall Street Journal.

Of the Ancient Writers.
The excellence of the ancient writers does not consist in a trick that can be learned, but in a perfect adaptation of means to ends. The secret of the style of the great Greek and Roman authors is that it is the perfection of good sense. In the first place, said John Stuart Mill, they never use a word without a meaning or a word which adds nothing to the meaning; they knew what they wanted to say and their whole purpose was to say it with the highest degree of exactness and completeness and bring it home to the mind with the greatest possible clearness and vividness. The ancients were concise because of the extreme pains they took with their epithets; almost all moderns are prolix because they do not. The great ancients could express a thought so perfectly in a few words or sentences that they did not need to add any more.

"Lobby" and "Lobbyists."
The word lobby is derived from the Latin "lobia," a portico, covered way or gallery, and in the modern sense refers to such a hall as an anteroom in a theater or adjacent to a legislative or audience chamber, where private persons are permitted to enter for the purpose of consulting with the members. In the political vocabulary of the United States, the term refers also to the persons who frequent this place for the purpose of influencing the votes of the legislators. Hence they are called "lobbyists" and their business "lobbying."

Make Odd Collections.
The eccentricities of collectors make amusing reading. Kate Vaughan, the famous English dancer, used to collect penny toys. Small cannon had an attraction for Lord Powerscourt, while Miss Rothschild had a partiality for pipes. Dolls, women's stockings, hangman's ropes, and instruments of torture fascinate some collectors, while others spend time and money in acquiring royal relics—the handkerchief on which Charles I blew his nose, the table napkin on which William III wiped his hands, the teacup from which George III drank tea.—London Mail.

A Disturbing Ghost.
"Why will you haunt me in my sleep?" asks one of the poets. Perhaps he owed her for several weeks' board.

Why will you haunt me in my sleep? asks one of the poets. Perhaps he owed her for several weeks' board.

CLAIM TO BE IN THE OIL BELT

Chief Drillers in Yuma, Ariz. Territory are Frank and C. N. Cannon of Brainerd

DIAMOND DRILL BEING USED

Oil Sand is Reached at Depth of 718 Feet—Standard Rig to be Put in Action Soon

Brainerd men, Frank and C. N. Cannon, are drilling for oil in the Yuma, Arizona basin and according to newspaper reports had reached a depth of 718 feet with their diamond drill and were now after a standard drill to complete the work.

The paper states that "it was the judgment of at least two of the best geologists who have examined the field that oil would be found at a shallow depth—possibly within 1,000 feet. This finding of oil and gas at 718 feet confirms the report of the experts."

"Drilling was begun on March 18. Indications have been good all along. Several gravel beds were encountered which bears out the theory that the present valley was at one time a part of the bed of the Gulf of California. Several sand strata were encountered, clay and blue shale were gone through."

"Finally at the depth of 718 feet, oil sand was encountered for the first time, gas became in evidence and oil rose to the top of the casings and stood on the water. The oil sand has only been touched so far. How much oil and gas the well will produce can only be determined by drilling into the oil sand and bringing in the well."

"Cannon Brothers have gone to Huntington Beach to talk the conditions over with officers of the company and to discuss the bringing in of a standard rig."

Young Girl's Useful Invention.
One of the first money change boxes designed for the convenience of ticket sellers and cashiers, was invented by Miss Esther J. Bruce, a sixteen-year-old girl, of New York, in 1877.

AMUSEMENTS

GREAT EUROPEAN PICTURE

Poli Negri In "Gipsy Blood" at the New Park Theatre Today and Tomorrow

The United States makes the most and the best films in the world. That is an undisputed fact, but of late a great star actress has come to Europe's film makers, and with her, three great pictures have been made, even when classed with the great ones of America. Poli Negri, the Magyar girl, made that great picture, "Passion," which ranked with the best work of Griffith. Then she was tried in a French version of "Carmen" known as "Gipsy Blood," and now she has just completed another mammoth picture in "Deception," which is taking filmdom by storm.

The New Park theatre has secured all three of these pictures, and will show today and tomorrow, afternoon and evening "Gipsy Blood" with Poli Negri and a mammoth cast. It will be specially attractive because the film was made in Spain, at the very places where the scene of the story is laid, and real Spanish people form the cast and the horde of supernumeraries. The whole people of a Spanish town were utilized in the making. There will also be the usual short pictures, to fill out a big bill, and as usual with the New Park, no advance in price. There will be a daily matinee.

Wrong Scattered by Light.
Light itself is a great correction. A thousand wrongs and abuses that are grown in darkness disappear like owls and bats before the light of day.—James A. Garfield.

Rotation of Numbers.
Numbers run as follows: Units, tens, hundreds, thousands, millions, billions, trillions, quadrillions, quintillions, sextillions, septillions, octillions, nonillions, decillions.

TRAFFIC REGULATIONS

The laws regulating motor car traffic are openly and flagrantly violated in Brainerd every day, especially the ordinance relating to speeding. We do not by any means wish to reflect upon the mayor and police as the mayor has a very small police force for a city the size of Brainerd, and it is impossible for them to cover the residence sections of the city where the speeding is mostly done. But two or three traffic officers are urgently needed.

Two hundred business men of Omaha, Neb., make up a force of volunteer citizens to help enforce the city's traffic laws. Blank report forms are carried by each member of this force which has secured the conviction in court of many second and third time offenders. Here is an excellent suggestion for Brainerd. Five or six men in each ward serving without pay could check speeding to a considerable extent by making it expensive to the speeder, and thus perhaps prevent accidents which are liable to happen most any day. Something should be done in this direction.

The time is fast approaching, if indeed it is not already here, when there should be a time limit upon the parking of cars upon at least our business and most crowded thoroughfares in the heart of the business center of the city. There should also be prohibited areas where considered advisable, in which no parking should be permitted.

Farmers coming to Brainerd to do their trading complain that there are so many cars lining the streets that they cannot find space where their teams may be hitched, particularly on Saturdays, when most farmers come to town. This is a matter that should be remedied without delay, as we believe, all our business men will readily admit. Proper space should be reserved for the farmers, in a central location, and suitable hitching posts provided for their convenience. We are told that this has been done in Little Falls, and it is given as a reason why some of our Crow Wing county farmers go there to do their trading. The attention of our Chamber of Commerce was called to this matter a couple of months ago, but we have not heard of any action by that body.

BABCOCK PROVISION

UNCONSTITUTIONAL

The provision in the Babcock good roads law which permits reimbursement through the county of Minneapolis for money paid out for per-

manently improving the highways therein described, is declared to be unconstitutional in an opinion given out by O. H. Christopherson, assistant attorney general. Counties, however, may receive reimbursement for work done by counties by specific guarantee of the good roads constitutional amendment, it is said.

In Mr. Christopherson's opinion, if the legislature is by the constitution prohibited from reimbursing directly a city or village for moneys it may have so expended, it cannot be done indirectly through the medium of a county, "in view of the familiar rule that one is not permitted to do indirectly what he is prevented from doing directly. It can hardly be said that if a county reimburses a city or village for money expended by the latter, such reimbursement is money expended by the county within the constitutional meaning. That money is, in fact, expended by the city or village."

Interest Uncalled For

Down in the city of Washington in the vaults of the United States treasury, Uncle Sam, as custodian for the people of this country is keeping \$83,165,867 of interest money due holders of Liberty bonds of the various issues that has not as yet been claimed. Uncle Sam has the money ready for distribution and wants the people to go to the banks and get it. The sum of \$83,165,867 is earning interest for the people who own it. It is at 4 per cent this money would be earning for its owners \$3,326,635 annually.

Gossip in Washington indicates that the tariff rates in the bill now being framed by the ways and means committee of the house will be higher than the rates in the Payne-Adams bill and that there is a considerable part of the republican membership which will fight rather than consent to a bill of that sort.

At the present time there are more than 3,200 co-operative associations in Minnesota of which almost 2,000 are engaged in marketing enterprises, and the co-operative marketing movement is spreading with great rapidity.

Harvest time is coming on at a period of higher wheat prices than the farmers expected to receive a few months ago. The railroads, because of a slump of freight business, have an adequate supply of freight cars to handle the shipments.

An action brought by the secretary to the Duluth Auto club, for an injunction restraining the city from collecting wheelage tax at the ordinance rate, has been appealed to the state supreme court.

I. A. Wildes, state superintendent of mines, in a report just made public suggests the establishment of a state owned iron reduction plant using peat fuel and iron ore from state-owned properties.

The National Association of State Foresters will hold its annual outing in Itasca state park, in northern Minnesota, September 1920 and 1921. W. T. Cox, State Forester of Minnesota, is president of the association.

Representative Sidney Anderson of Minnesota was elected chairman of the joint congressional commission to investigate conditions in agricultural work at once.

The steel industry is said to be in

FEDERAL BOARD TRAINING CENTER

Brainerd Makes a Bid for Vocational School for Soldiers of the Tenth District

INSPECTOR EXAMINES THE SITE

F. E. Lurton Pleased by the Willingness Shown in Brainerd to Cooperate With Government

F. E. Lurton, Supervisor of Federal Training Centers for the Tenth District, comprising Minnesota, North and South Dakota and Montana, was in Brainerd Monday and Tuesday to look over the various properties with a view to having the government rent them for use as a school or training center for disabled soldiers, sailors and marines.

The school wherever established, will be large enough to accommodate at least 200 men including rooming and boarding facilities as well as shops and class rooms. This would call for a staff of about 25 teachers. Besides English branches, various trades suitable for disabled men, will be taught.

Such a school, besides being of great benefit to the disabled men, would be a large business asset to any community as the men receive regular training pay from the government.

Mr. Lurton is making a preliminary survey of the opportunities offered by several cities, and within a week or two a final survey will be made and a decision reached as to whether the quarters available in Brainerd will meet the government requirements.

When the right location is obtained immediate steps will be taken to equip the school and start operating it.

Mr. Lurton was pleased with the willingness shown by Brainerd to cooperate with the government in establishing such a center and was favorably impressed with the opportunities shown in the preliminary survey.

The letter from the government was received by the Chamber of Commerce on Wednesday evening, a committee of one named to handle the matter, A. L. Hoffman, and that same night a telegram was sent setting forth the advantages of Brainerd. Next day more data was sent. The government examiner's list and inspection in Brainerd followed shortly after.

SOLDIER TAKEN SICK IN CITY

Companies A. of Pine River and B. of Aitkin returned home this afternoon from the National Guard encampment at Lake City. Aitkin's men were in command of Capt. Frank Erickson and Pine River men in command of Capt. F. S. Moulster.

While shifting baggage here, Private Gilbert Martinson of Aitkin was taken sick and Dr. B. W. Kelly of Aitkin called. The soldier was removed to a hospital.

INJURED IN AN AUTO ACCIDENT

Lake Williams near Akeley, June 27.—Dr. Hall, Mrs. Hall and friends driving to Ten Mile lake in the Walker doctor's car, encountered a narrow piece of roadway and upset down a steep bank. Mr. Hall was reported as seriously injured. Block and tackle from the farm of F. C. Peterson was used to right the car and haul it back to the roadway.

Said About Women.
"Man is the dry land, and woman, she is the sea. For whosoever diggeth in the earth, he findeth out the substance of it. But he that diggeth in the water is for ever fighting its contrariness."—From "The Book of Arctamas." "If you describe a right woman in a laudable sense, she should have gentle softness, tender fear, and all those parts of life which distinguish her from the other sex."—Sir Richard Steele. "Last among the characteristics of woman is that sweet motherly love, with which nature has gifted her; it is almost independent of cold reason and wholly removed from all hope of reward."—Harder.

How Eskimos Trap Wolves.
Wolves make deadly ravages among the dogs and reindeer of the Eskimo. But the Eskimo now captures wolves in large numbers by means of big hut-like traps made of ice. The front of the hut, which is of ice, slides up and down. Inside the hut is a joint of raw meat, suspended by a piece of rope to the sliding front, and when a wolf tears down the meat the front drops into place and he is caught.

GAS FRANCHISE IS TURNED DOWN

Special Council Committee on Gas Recommends that the Rate \$2.80 is too High

COUNCIL ACCEPTS THE REPORT

Council Plans to Have Band Play Regularly in Gregory Park, Does Not Believe in Switching

It was a short adjourned session of the council held. The special council committee on gas reported its recommendations through its chairman, Mayor F. E. Little, and that was to the effect that the rate \$2.80 was too high.

On motion, duly carried, the council accepted the report and concurred in the recommendations made.

Preparing for the 4th
Clyde E. Parker, chairman of the house and social committee of the Elks, requested in behalf of the Elks that mayor and police order the principal business streets vacated from parking during the hours of the 4th of July parade. He urged all city officials and departments to take part in the parade, etc. The request was granted.

The Elks were granted permission to erect a small booth near the depot park in which to hold an advance sale of circus tickets.

Licenses
The Cosmo billiard parlor was granted a license.

Itinerant licenses were granted A. C. White and Arnold Kalland.

An arc light was ordered placed at the corner of Maple and South Seventh streets.

Band Concerts
The council at its adjourned session Monday evening re-arranged the playing schedule for the Brainerd Municipal band for the balance of the year, which was in response to a demand.

For the balance of the season the band will play in Gregory park every Wednesday evening, except when it will play in Lam park. This date will be announced later.

The plan of playing in the various wards was adopted last year but did not prove satisfactory owing to the fact that the lights were not sufficient and the lack of a band stand made it inconvenient for the band.

Card of Thanks
We desire to express our heartfelt thanks to friends and neighbors for their kind aid and sympathy and for the beautiful floral offering during the sickness and death of our father.

APPROPRIATE GIFTS GIVEN

List of Relatives Present from Brainerd and Many Also There From Out of Town

Mr. and Mrs. Swan Berklund Crow Wing celebrated their golden wedding Friday evening, June 24th. The large gathering of relatives and friends from far and near assembled at the home of Adolph Anderson, and proceeded en masse to the Berklund home where the principals were taken by surprise.

The commodious home was at once taken over by the self-invited guests and was soon profusely decorated with flowers and yellow streamers. When the preliminary arrangements were completed, the gathering was addressed by Charles Swanson who in a few well chosen words related the purpose of the gathering, and incidentally presented the "young couple" with some appropriate gifts to commemorate the occasion. The ladies then, took a hand in the procedure and prepared a bounteous supper which was in keeping with the occasion, including even to the wedding cake.

The relatives present were a daughter and son-in-law Mr. and Mrs. Theodore Falk and their son Harold, Miss Justine Berklund and Oscar Berklund of Moline, Ill., and Luther Berklund. A daughter, Mrs. S. O. Brissman, of Moline was unable to attend. Brainerd relatives present included Mr. and Mrs. A. U. Anderson, Mr. and Mrs. John Holvick, Mr. and Mrs. Harry Anderson, Mr. and Mrs. John Worden, the Misses Alice Anderson, Gladys Holvick and Hazel Worden.

RUST DAMAGING COUNTY OATS CROP

County Agricultural Agent E. G. Roth states rust is doing considerable damage in all sections of Crow Wing county to the oats crop. It is not so bad in clay soils, but severest in sandy land. Rain is badly needed and would check the rust ravages. The rye crop is looking good and is not damaged.

New Cooling Plant Working

For the benefit of people who like summer entertainment, Manager Workman of the New Park theatre announces that the new cooling plant is in full working order, and he insists that his theatre is a fine place to come and cool off in during the hot afternoons and evenings.

"We made a test the other day," said Mr. Workman, "and when the thermometer outside the theatre, in the shade, registered 94 degrees, the thermometer in the auditorium showed only 74 degrees. It looks to me as if that was some invitation for afternoon shoppers to come in and cool off before going home. And it certainly is about the proper cool spot to spend an evening."

LODGE OFFICIALS COMING TO THE CITY

Of special interest to Odd Fellows and Rebekahs will be the meeting on Wednesday evening, June 29, when Grand Master James O. Wernitz and Chaplain of the Rebekah Assembly Anna Wernitz will be present at a joint meeting with the Rebekah lodge, which will be held immediately after a short regular session of Unity Lodge.

The Real Trial.
Sunday observance doesn't worry the loafer. It is the "six days thou shalt work" that gives his orthodoxy a severe test.—Toledo Blade.

FACE VALUE PAPER

No guess-work is needed in determining the worth of your "Investments" if they are Certificates of Deposit issued by the Brainerd State Bank.

Their worth is face value always—one hundred cents on every dollar.

Issued for any amount for six or twelve months they earn interest at the rate of 4 per cent. Put your surplus funds in one of our Certificates of Deposit and be sure your dollars are safe.

Hypocrite Betrises Himself.
Usually it is easy enough to feel whether there is a sound human heart behind the written or the spoken word. Fine phrases and exalted sentiments seldom mask the hollowiness of the hypocrite.—Victor Hugo.

Mortgage Foreclosure Sale.
Notice is hereby given that the mortgage hereinafter described will be foreclosed and the North Half of the Southwest Quarter of Section One in Township Forty-four of Range Twenty-nine containing eighty acres according to the U. S. Government survey thereof, situate in Crow Wing County, Minnesota will be sold by the Sheriff of said county at the front (Fourth street) door of the court house in the City of Brainerd, in said state and county at two o'clock P. M. on August 5th, 1921 as provided by law. The mortgagor's name is Eva D. Driver and M. F. Driver, her husband; the mortgagee's name is Rebecca Hankenson. Said mortgage is dated April 24th, 1918 and was recorded in office of Register of Deeds of said Crow Wing county on May 16th, 1918 at 3 p. m. in Book 3 of Mortgages on page 82. Said mortgage was thereafter duly assigned by mortgagee to G. K. Gilbert, which said assignment is recorded in Book 7 of Mortgages on page 401; said mortgage was thereafter duly assigned by L. W. Gilbert as executor of the estate of said G. K. Gilbert, deceased, to Bank of Glencoe which said assignment is recorded in Book 8 of Mortgages on page 583. The amount due and claimed to be due on said mortgage is Five Hundred Ninety-four and 64/100ths dollars. Said land sold to satisfy said sum together with the costs of this foreclosure including Twenty-five dollars attorney fees.

Dated June 21st, 1921.

School Building: Bids Close
July 8th, 1921

The undersigned hereby gives notice that sealed proposals for the erection of a grade school building including all labor and material, will be received by Board of Education of Brainerd, School District, until the 8th day of July, 1921 until the hour of 8 p. m.

All bids must be in strict accordance with the plans and specifications prepared by Foss & Foss, Architects, of St. Cloud, Minn., which may be seen at the office of L. H. Hohman, clerk, on or after June 8, 1921, and may also be seen on application to the architects.

Separate bids will be taken on the general construction on the plumbing, heating and ventilating and electric wiring.

A certified check for 5 per cent of the bid, payable to the order of M. E. Morrison, Treasurer, must accompany each bid as a guaranty that the contractor will be entered into and a bond furnished. Should the contractor fail to enter into a contract after being awarded same or fail to furnish satisfactory bond, then the sum of the certified check shall be forfeited to the above school board as liquidated damages. Checks will be returned to unsuccessful bidders immediately on letting the contract. The party to whom the contract is awarded will be required to give a satisfactory bond in the sum of full amount for the faithful performance of the contract.

The right is reserved to reject any or all bids.

June 23, 1921.

Queer Plant Grows in Africa.
The welswitschia, which grows in southwest Africa, is one of the queerest plants in the world. The body of the plant resembles an enormous radish, and is sometimes 12 to 15 feet in circumference. From this grows two long leaves, which trail on the ground and are usually split into numerous ribbons. These are the only leaves produced, and they last through the lifetime of the plant, which is said to reach more than one hundred years. The colonial authorities maintain a small park for the preservation of this rare and remarkable plant.

Preaching and Practice.
"Sometimes you see a man," said Senator Sorghum, "who behaves toward his country the same as he does toward his wife. The more he says he loves her, the worse he seems willing to treat her."—Washington Star.

Bad Luck And The Devil Pursued Him

"I don't think any one has had more bad luck and sickness than I have. In 1905 I had two ribs, an arm and collar bone broken in a railroad accident. Then I had pneumonia. After recovering I crossed a pasture when a bull charged me, tossed me over the fence and broke my right leg. In 1919 I had typhoid fever; since then severe stomach and liver trouble, which no medicine or doctor touched until two years ago I got a bottle of May's Wonderful Remedy which proved the first ray of light in thirteen years." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays inflammation which causes practically all stomach, liver, and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Johnson Pharmacy and druggists everywhere.

URIC ACID IN MEAT BRINGS RHEUMATISM

Says a Little Salts in Water May Save You From Dread Attack

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat, but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly acid weather the skin pores are closed thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithium and is used with excellent results by thousands of folks who are subject to rheumatism.

Where "Pop" is Useless.
The business day is short in India; it seldom begins before 11 o'clock in the morning. There is a "trunk" or lunch period, probably two hours long, followed by an early closing. The American salesman, accustomed to jumping from town to town on fast trains, seeing customers early and late, and sending daily orders to the "house," is hardly the one to tackle the deliberateness of India, where the "house" is best forgotten in the sales talk and where the potency of the first person singular is undebatable.

Big Armies of the Past.
Among great armies of antiquity is that of Xerxes of Persia, who invaded Greece, 450 B. C., with an army of 5-283,220 men; Darius of Persia at the battle of Granicus, who had 600,000 men; the force of Croesus, who marched against Cyrus of Persia with an army of 420,000 and 60,000 horse, while Artaxerxes had 900,000 soldiers at the battle of Cunaxa.

Quit Laxatives, Purges; Try NR

NR Tonight—Tomorrow Feel Right

It is a mistake to continually dose yourself with so-called laxative pills, cathartics, oil, purges and cathartics and force bowel action. It weakens the bowels and liver and makes constant dosing necessary.

Why don't you begin right today to overcome your constipation and get your system in such shape that daily purging will be unnecessary? You can do so if you get a 25c box of Nature's Remedy (NR Tablets) and take one each night for a week or so.

NR Tablets do much more than merely cause pleasant easy bowel action. This medicine acts upon the digestive as well as eliminative organs—promotes good digestion, causes the body to get the nourishment from all the food you eat, gives you a good, hearty appetite, strengthens the liver, overcomes biliousness, regulates kidney and bowel action and gives the whole body a thorough cleansing out. This accomplished you will not have to take medicine every day. An occasional NR tablet will keep your body in condition and you can always feel your best.

Try Nature's Remedy (NR Tablets) and prove this. It is the best bowel medicine that you can use and costs only 25c per box, containing enough to last twenty-five days. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.
